4. National and international aviation law and regulations.
5. Airports, airspace, and air traffic control.
6. Meteorology and environmental issues.

C. Certification: Student will obtain the following ratings:

1. FAA Mechanic Certificate – Airframe and Powerplant Ratings

Students share in the responsibility for a successful university educational experience. Upon completion of their degree and regardless of disciplinary major, undergraduates are expected to demonstrate ability in at least five essential areas.

- Knowledge: Students will demonstrate a depth of knowledge and apply the methods of inquiry in a discipline of their choosing, and they will demonstrate a breadth of knowledge across their choice of varied disciplines.
- Critical Thinking: Students will demonstrate the ability to access and interpret information, respond and adapt to changing situations, make complex decisions, solve problems, and evaluate actions.
- Communication: Students will demonstrate the ability to communicate clearly and effectively.
- Diversity: Students will demonstrate awareness and understanding of the skills necessary to live and work in a diverse world.
- Academic and Professional Integrity: Students will demonstrate awareness and understanding of the ethical standards of their academic discipline and/or profession.

The AVMB outcomes support the University outcomes. They relate as follows:

- Knowledge: A1, A6, A7, A8, B2, B3, A5, A6, C1, C2
- Critical thinking: A2, A10
- Communications: A5
- Diversity: A3, A9, B4.
- Academic and Professional Integrity: A4, B1.
